NOTE:

The design has been developed to a stage to permit a fully informed Environmental Impact Assessment to be carried out on the proposed road development. Modifications may be made to avail of opportunities to improve the design at the detailed design stage in light of experience on the ground or other innovations, provided this has no significant adverse environmental impacts over and above those considered in the current Environmental Impact Assessment

LEGEND:

- E - Extreme
- H - High
- L - Low
- M - Moderate
- W - Water
- X - E(Rock at/near surface or karst)

- BOREHOLE
- SPRING
- TURLOUGH
